Portfolio Requirements (revised FA 2007)

A Writing Proficiency Portfolio **has two components: first, one new essay that is based on a reading set and a question distributed by the Writing Proficiency Office (WPO); and, course papers.** The new essay must be at least **five full typed pages** in length. On the cover page of the new essay students must write this statement: **“I certify that this essay is entirely my own work and has not been revised or altered by anyone else.”** The statement must be signed by the student verifying its truth. **Second,** a portfolio must contain two to four graded course papers **and must total 15 complete pages of analytical writing,** and demonstrate proficiency according to the criteria outlined in the *Elements of Writing Proficiency*. **Below is the complete list of criteria for a portfolio:**

The course papers must meet all of these criteria:

- Each must be a graded paper written for a course taught at UMass Boston (such as, but not limited to, English 102, First Year Seminar, Intermediate Seminar). All papers should be printed or typed; but, if the original was handwritten, a typed transcription (not a revision) must be attached to the original.
- At least one of the papers must come from a course at the 200 level or higher (such as, but not limited to, an Intermediate Seminar).
- All course papers must be analytical essays written in English, and demonstrate the criteria outlined in the *Elements of Writing Proficiency*.
- At least two of the three or three of the four supporting essays must be based on the analysis of two or more readings. Only one paper may be based on the analysis of one reading or on the analysis of information gathered through observation, interview, or experimentation.
- Each paper must come from a different course; however, papers can be from the same professor.
- Each portfolio must have two to four course papers **that total fifteen full pages. No single paper can be less than three full pages and one paper must be at least five full pages** (double-spaced, 1" margins, maximum of 12-point type, on 8 1/2" X 11" paper).
- Each paper must be certified as the original graded paper. Please start the process of certification as soon as you can; the closer it gets to the end of the semester, the harder it becomes to connect with instructors to get papers certified. Although chairs may sign on behalf of a faculty member who is on leave or is no longer at the university if you provide them with **the original graded paper**, please be advised that **department chairs are under no obligation to certify papers simply because you waited too long to seek the instructor’s signature.**
- Each original graded paper must have attached to it a completed certification form signed by the instructor who graded it. Additionally, if you do not have the original graded paper, but you have the original on a hard drive, you can have that paper certified **if and only if** the professor writes on the certification form that they realize it is not the original paper but remember the paper to be the original paper. (A department chair may sign the certificate only if the instructor is no longer here or is on leave; however, the chair can not certify a paper that is not the original graded paper.)
- Just because you have “good” grades on your supporting papers does not automatically mean the portfolio will be a pass because the criteria that an instructor uses may not match those in the *Elements of Writing Proficiency*.
- Students must fill out completely and sign a Portfolio Submission Form and hand it in with his or her portfolio. Both the Certification and the Portfolio Submission forms can be downloaded at <http://www.umb.edu/academics/wpr/forms.html>.
- Completed portfolios must be submitted **in an envelope or folder**, with your UMS number and name clearly written on it, before 4:00 p.m. on the due date.
- Any Portfolio that is submitted but does not meet all of the requirements will be graded as a “Void,” and the student will have to submit a new portfolio in the next testing period.
- Please see, http://www.umb.edu/student_services/student_rights/code_conduct.html to understand the university policies on academic honesty and plagiarism. This policy applies to all papers submitted in a Writing Proficiency Portfolio. Violating this policy has serious consequences, which may include suspension or expulsion. If faculty graders question whether a portfolio paper is the student’s own work, then additional evidence may be requested as part of an investigation. Students should retain copies of drafts for the new portfolio essay until after the grades have been received. If you have any questions, please visit the On Line Writing Resources on our website to help you to avoid plagiarism: <http://www.umb.edu/academics/wpr/LinkstoonlineWritingSources.html>.

Note: An Exception to the three- or four-supporting-paper requirement: A new transfer student, who will have accumulated 75 or more credits at the end of his/her first semester at UMB, **may submit only two or three supporting papers that total 10 full pages, in addition to the required new essay.** As stated above, **no single paper can be less than three full pages and one paper must be at least five full pages.** At least one of the papers must come from a course at the 200 level or higher. The Portfolio Submission Form has a space for you to list the supporting papers; **a new transfer student should use the space provided for the third supporting paper to write that he or she is a new transfer student and the date that he or she transferred to UMB.**

Important:
