

# University Club

University of Massachusetts Boston

## Membership Request

### Payroll Deduction Authorization:

I wish to be a member of the UMass Boston University Club and authorize the University of Massachusetts to deduct biweekly the amount shown below from my base University salary. This agreement may be cancelled by notifying the Treasurer of the University Club in writing and by removing the payroll deduction option from your check through the office of Human Resources.

Annual dues are \$130 per year. Please note that dues are paid out over a 12 month period (at \$5 per pay period), even though the club is presently open only during the academic year. This system is designed as a convenience for members. If a member cancels his/her membership during the summer, the cancellation will become effective on September 1st.
