Student Guide to Complio

Required immunizations and certifications

What you need to know about compliance and immunization requirements

University of Massachusetts Boston students will need to provide documentation regarding the completion of their immunization, background check, drug screen, required trainings and related compliance records. UMass Boston uses a vendor called American DataBank to help students track, access, and maintain their compliance records through their academic program. American DataBank has created a web-based database allows students to access their immunization and compliance records from a computer and gives students the ability to update and download their compliance “passport” at their convenience. This system is known as Complio and automatically notifies students when immunization or compliance records are expiring so that students can update their records as needed.

This guide contains details about how to complete the immunization and certification requirements which must be completed. Please review these materials closely and complete the required items today.

Getting Started Check list

1. Create your Complio account
   a. Using Chrome or Firefox go to www.umbcompliance.com and place your order for the Immunization Tracking Package as well as the Background Check and Drug Screening Package. Once you have placed your order, Complio will provide you with a list of requirement Immunizations and email you the necessary drug screening registration. Complio will provide you with your username and password via email. Please allow one business day to receive your user ID and password and double check your spam or junk folder if you do not receive it.

2. Gather your immunization records
   a. Complio will provide you with a list of all immunization requirements, which will also be emailed to you at the same time you place your order. Please review these carefully to ensure you have all documentation.

3. Submit Materials
   a. When you receive your drug screening information please follow all instructions found in the email and take the appropriate action. Your background check results will be uploaded for you upon completion by American DataBank. Your drug screening results will be uploaded to your account 72 business hours after you complete the collection.

Clinical agency requirements

Students placed at clinical agencies are required to provide their immunization and compliance materials prior to being placed in that setting. Your program faculty and staff may halt your attendance in clinical course work at any time if your immunization and clinical requirements have not been met.

Maintaining your Compliance Status

Load your documents and track your compliance

- Log into Complio at www.umbcompliance.com with your username and password.
- Provide all supporting documentation to Complio. American DataBank will review these documents within 1-3 business days and then let you know if the documents met requirements (approved) or did not meet requirements (rejected and needs further action).

View your clinical Passport

- You can print your clinical passport at any time to show that you have met the requirements to be in that setting and are eligible to attend class. When you are logged into your account click on the Report tab on the left side of your profile to open this item. Your passport report also provides a quick way to see what items may be expiring soon or what may need to be updated right away.

Don’t wait to update

- Many required items need to be renewed on an annual basis. It is important that students follow up with any notifications that they receive from Complio regarding expiring items or items that have not yet been completed.
