The PhD in Sociology

The Program Description

The Department of Sociology at UMass Boston announces a new PhD Program in Sociology. Coursework and research experiences will prepare students for outstanding academic careers as well as for leadership roles as applied sociologists in public and private agencies and research organizations.

The PhD Program in Sociology builds on the success of our MA Program in Applied Sociology and the research and scholarly accomplishments of our dynamic faculty. PhD students will complete a core set of courses in social theory and research methods and then concentrate in one of three areas:

- health, mental health and health care services
- communities and crime
- immigration and globalization

Doctoral students may also complete requirements for a Graduate Certificate in Forensic Services or a Graduate Certificate in Survey Research.

Graduate assistantships will provide doctoral students with opportunities to conduct research in collaboration with faculty and to teach classes under faculty supervision. Training and research opportunities will be enriched through partnerships with the Departments of Psychiatry at the University of Massachusetts Medical School and at the Harvard Medical School, with the Hannover Medical School in Germany, with UMass Boston's McCormack Graduate School of Policy and Global Studies, and with faculty in human services at Salem State University and in criminology at UMass Lowell.

PhD Requirements

Post-master's students are required to successfully complete 36 credits, complete their dissertation, and successfully defend their dissertation. Students who apply for admission to the PhD program without an MA must first complete requirements for UMass Boston's 30-36 credit MA degree in Applied Sociology.

Please note: Courses taken to fulfill MA requirements may not be counted towards completion of the additional PhD program requirements.

Required Courses (12 credits):

- Soc 607 - Contemporary Sociological Theory
- Soc 652 – Advanced Quantitative Data Analysis
- Soc 609L – Qualitative Methods and Field Research

*If this course was taken to fulfill MA requirements, then an additional methods course is required.

One additional course emphasizing theory:

- Soc 601 – Complex Organizations
- Soc 620 – Social Problems/Inequalities
- Soc 604 – Theories of Globalization
- Soc 606 – Semiotics and Cultural Analysis
- Soc 682 – Sociology of Health and Illness
- Soc 690 – Nature of Crime

*Courses taken to meet concentration requirements cannot be used also to satisfy the theory requirement.

2 courses from a substantive concentration (6 credits):

Medical Sociology Concentration:

- Soc 618 – Psychiatric Epidemiology and Forensic Services
- Soc 621 – Social Psychiatry
- Soc 623 – Alcohol, Drugs, & Crime
- Soc 681 – Health Care Policy
- Soc 682 – Sociology of Health and Illness
- Soc 683 – Socio-Medical Aspects of Aging

Communities and Crime Concentration:

- Soc 690 – Nature of Crime
- Soc 691 – Responding to Crime
- Soc 692 – Communities and Crime (required course)
- Soc 667 – Sociology of Law
- Soc 623 – Alcohol, Drugs, & Crime
- Soc 622 – Comparative Deviance

Migration/Globalization Concentration:

- Soc 643 – Immigration Policy: Global and North American Perspectives
- Soc 644 – Gender, Ethnicity and Migration
- Soc 645 – Sociology of Migration (Required Course)
- Soc 604 – Theories of Globalization

Elective Courses (select 1) (3 credits)*

- Soc 600 – Foundations
- Soc 601 – Complex Organizations
- Soc 620 – Social Problems/Inequalities
- Soc 668 – The Life Course Paradigm
- Soc 630 – Applied Social Psychology
- Soc 641 – Social Policy I
- Soc 642 – Contemporary Social Policy
- Soc 655 – Evaluation Research
- Soc 610 – Teaching Sociology
- Soc 660 – Introduction to Survey Methodology
- Soc 661 – Measurement: Question Design and Evaluation
- Soc 662 – Sampling and Inferential Statistics

*All courses outside of a student's concentration and required courses may be electives.

All students must take and receive passing grades in both a Theory/Methods Comprehensive Exam and a Substantive Area Comprehensive Exam prior to advancing to PhD candidacy.

Soc 897 – Dissertation Seminar (3 credits)
Soc 899 – Dissertation (12 credits)

A Typical Sequence of Courses

Year 1, Fall Semester

- Soc 609L – Qualitative Methods and Field Research
- Concentration Elective

Year 1, Spring Semester

- Soc 607 - Contemporary Sociological Theory
- Soc 652 – Advanced Quantitative Data Analysis
- Theory Elective

Year-end goal: Pass the Theory-Methods Comprehensive Exam.

Year 2

- Concentration Elective
- Additional Elective

Year-end goal: Pass the Substantive Comprehensive Exam.

Year 3

- Soc 897 - Dissertation Seminar
- Soc 899 – Dissertation (12 credits)

Year-end goal: Successful Defense of Dissertation.
Faculty and Research Expertise

With a strong commitment to research, our nationally recognized faculty guides students through an exploration of the human condition, globalization, culture, and current policy issues. Faculty use a broad-range of research methods and theoretical perspectives to understand society at the local, national, and global levels.

Sofya Aptekar, PhD Princeton University: immigration, race and ethnicity, sociology of culture, stratification and inequality, mixed methods

Paul Benson, PhD University of North Carolina, Chapel Hill: sociology of mental health, medical sociology, public policy

Keith Bentele, PhD University of Arizona: stratification, inequality, political sociology, public policy

Bianca Bersani, PhD University of Maryland: crime over the life course, criminological theories, immigration and crime, quantitative methodology

Philip Brenner, PhD University of Wisconsin-Madison: survey methodology, measurement, quantitative methods, sociology of religion, social psychology, self and identity

Elizabeth K. Brown, PhD SUNY at Albany: law and society, incarceration policy, state-level criminal justice, public opinion

Jorge Capetillo-Ponce, PhD New School for Social Research: social theory, race and ethnic relations, media studies, Latino studies

Mathew J. Creighton, PhD University of Pennsylvania: immigration, health inequality, educational stratification, intolerance and anti-immigrant sentiment, social demography

Xiaogang Deng, PhD SUNY Buffalo: research methods, recidivism study, comparative criminology, and official corruption in China

Stephanie Hartwell, PhD Yale University: drugs and society, mental health, criminality, applied sociology, environmental justice and disasters

Megan Klein Hattori, PhD University of Maryland: medical sociology, global health and fertility, transition age youth and decisions surrounding reproducive health

Philip Kretsedemas, PhD University of Minnesota: immigration, critical race theory, globalization and social change, social welfare policy, contemporary theory

Andrea Leverenz, PhD University of Chicago: communities and crime, prisoner re-entry, gender and crime, urban and community sociology, qualitative research methods

Siamak Movahedi, PhD Washington State University: social psychology, social psychiatry, research methods and statistics

Jason Rodriguez, PhD University of Massachusetts Amherst: medical sociology, aging and life, work and occupations, culture, qualitative methodologies

Russell Schutt, PhD University of Illinois, Chicago: research methods, sociology of organizations, homelessness and mental health services, sociology of law

Cinzia Solari, PhD University of California, Berkeley: gender and migration, work and globalization, social theory, global ethnography

Lakshmi Srinivas, PhD University of California, Los Angeles: media and popular culture, media reception, spectatorship, public culture, consumption, globalization, ethnography, Bollywood Cinema

Leslie Wang, PhD University of California Berkeley: family, gender, globalization/transnationalization, Asia, qualitative methods

Kevin Wozniak, PhD American University: justice, law and society, politics and policy

Reef Youngreen, PhD University of Iowa: social psychology, status processes, deviance

Heather Zaykowski, PhD University of Delaware: victimization, youth violence, communities and crime, law and society

Funded Research

Faculty research is funded by the Russell Sage Foundation, U.S. Department of Justice, National Institutes of Health, National Institute of Mental Health, American Sociological Association, U.S. Department of Veterans Affairs, Substance Abuse and Mental Health Services Administration, National Endowment for the Humanities, U.S. Department of Health and Human Services, National Science Foundation, and Massachusetts state agencies.

Admission Requirements

Applicants for the 36-credit post-MA PhD program must have an MA degree in sociology, or a related field from a nationally accredited college or university or its international equivalent. The review committee will admit applicants with degrees in other disciplines at their discretion. The program directors will review coursework from other graduate programs on a case-by-case basis to determine transferability of credits.

Preference will be given to all applicants whose transcripts show completion of these courses with a minimum undergraduate GPA of 3.25 and graduate GPA of 3.50, taken within the past seven years. Applicants are required to submit GRE Verbal and Quantitative scores to be considered for admission. Admission standards are similar for those who have not yet completed an MA degree.

Application Process

Applicants should submit materials by December 31. Our online application and instructions are available at www.umb.edu/admissions/grad/apply. Documents not submitted with the online application should be mailed to the following address.

Office of Graduate Admissions
University of Massachusetts Boston
100 Morrissey Boulevard
Boston, MA 02125-3393

PhD applicants may be required to attend an interview as part of the application process.

A completed application includes these materials:

- Completed application form and required fee.
- Official transcripts for all undergraduate and/or graduate programs attended.
- GRE General test scores and, when applicable, TOEFL scores.
- Three letters of recommendation from persons with whom the applicant has had extensive academic and/or professional contact.

PhD applicants must submit an essay of no more than 1,500 words addressing the following:

- Specific interest in a PhD in sociology and rationale for pursuing the PhD.
- Current major research and interests in the field of sociology.
- Description of professional post-PhD goals.
