Welcome to My Health Beacon

This site is designed to help students interact more conveniently and efficiently with University Health Services. Using the links at the left you can:

- Update your profile information.
- Schedule Medical appointments online 24/7.
- Receive test results and exchange secure messages with the health center.
- Complete required university entrance forms.
- Review, update and print immunization records.

Check this page for updates on topics related to Student Health and care if you have any questions.

If you have any questions about your immunization and TB screening/test status click on the “messages” tab to send a message to the Immunization compliance coordinator. You will receive a prompt response!
Any disease compliance indicator that has a **Non-compliant** status means our office has not received acceptable documentation. In this example, Hep B, MMR vaccine, and TB Risk Screening are missing.

Once you submit documents, the status will change to **Compliant**. In this example, the Mumps, Tdap, Rubella, and Varicella requirements have been met.
