1. Type your student email in the “Email User ID” field, do not include “@umb.edu”.
2. Enter your UMB email password in the “Password” field.
3. Click “Proceed” to open your Home page.

In order to view the status of each immunization or Tuberculosis requirement click on “Immunizations” tab.
Please note that any disease compliance indicator (i.e. Hep B immune) that has a “RED” status requires your attention. You are either missing a vaccine dose, proof of immunity, or the most recent dose has expired. If TB Risk Screening is please click on the “Forms” tab and click on the “TB Screening Page” to complete the web-based screening form.

To ensure that you satisfy all the requirements, it may be easier to just bring in this form to a healthcare provider – including us here at UHS – and they will help walk you through the requirements. Please note: If you are submitting titer (blood test) results, you must submit a copy of the full lab report.

Once you have any of your documentation ready, you are welcome to submit it in person, by fax, by mail, or as a scanned PDF via email (preferred). Please ensure that all documents include your UMB Student ID (eight digit identifier)

Fax: 617-287-3977

Email: Immunizations@umb.edu (email documents only!) If you have questions about your immunization/health requirements please click on the "Messages" tab to send a message to the Immunization Compliance Coordinator. You can also call 617-287-5660 to speak with a representative. Office hours: Monday - Friday, 8:30 AM - 5pm.
