New Student Health Requirements Checklist

All of the following information is available at our website, www.umb.edu/healthservices, under “Information for New Students.”

☐ Immunizations

**Deadlines: August 15** (fall semester); **January 1** (spring semester)

All students attending classes on campus must show proof of immunity to certain communicable diseases, as determined by the Massachusetts Department of Public Health, before attending classes.

Failure to submit documented proof will result in a hold being placed on your records and your registration being blocked. Detailed instructions are available at https://www.umb.edu/healthservices/screening_clinics/immunizations.

ATTENTION: Residence Hall access will be hindered if you have not complied.

The required immunization form is available at www.umb.edu/healthservices/forms.

☐ Tuberculosis (TB) Screening

**Deadlines: August 15** (fall semester); **January 1** (spring semester)

All students must be assessed for TB risk. Please print the Tuberculosis (TB) Questionnaire and Risk Assessment form that can be found at www.umb.edu/healthservices/forms.

Fill out the form, sign it, and submit it to our office. Depending on your determined level of risk, you may be asked to complete further screening.

☐ Health Insurance

**Deadlines: October 1** (fall semester); **March 1** (spring semester)

Massachusetts State law requires that students enrolled in ≥75% of a full-time curriculum in any Massachusetts institution of higher education participate in a school-sponsored qualifying health plan (https://www.umb.edu/healthservices/insurance) OR an alternate health plan with comparable coverage (https://www.umb.edu/healthservices/insurance/health_insurance_waivers).

☐ Everfi Online Modules

UMass Boston is committed to supporting the success and safety of all our students. As part of our comprehensive approach to student well-being, UMass Boston requires incoming students to complete the Sexual Assault Prevention and AlcoholEdu online modules. Please click here for the information you need to complete this requirement.

If you have any preexisting health concerns that you wish to discuss with a Health Services representative, please contact the nurse line at 617.287.5662.
