Logging into the Koru Mindfulness app

1. When a student registers for your class, we start creating a profile for them on our system using their email address as their username.
   (Soon, students will set their password here)

2. To login into the app, tap “Already an existing user? Login here” on the Let’s Get Started! screen.

3. Use the same email as the one you registered with. Create your password in the password field. Tap Login.
   (Soon, students will need to enter in the password they created when registering for a class)

4. Done! You are connected to your teacher and you can start using the app.
