Check Point VPN Set-up and Configuration
macOS (El Capitan/Yosemite/Sierra)

These instructions will show you how to install and configure your UMass Boston VPN connection on a Mac running Yosemite, El Capitan, or Sierra. All action items will be in **bold**. The instructions are written in three parts: Installation, Configuration and Establishing a Connection, Disconnecting.

**PART ONE: INSTALLATION**

Launch the installer by double-clicking the .pkg file.

You will see the below screen image and can **Click “Continue”**. On the next screen **Select “Continue”**.
On the next screen Select “Continue” and you will be prompted to Agree with the license agreement to move forward in the installation.

Select “Install” and you will need to Enter administrative credentials and Select “Install Software” to complete the installation.

The installation was successful! You can Select “Close”.

END OF PART ONE. PLEASE CONTINUE TO PART TWO ON THE NEXT PAGE FOR CONFIGURATION AND ESTABLISHING A CONNECTION.
PART TWO: CONFIGURING AND ESTABLISHING A CONNECTION

Configuration

The new icon for Checkpoint will appear in your tray in the upper right corner of your screen.

Click the ![icon](image.png) to show the connection options and Click “Connect”. To configure a new site, Click “Yes”.

Select “Next” on the Site Wizard screen.

Enter “remote.umb.edu” in the Server address or Name field and ensure your screen matches the below image, then Select “Next”.

Select “Username and Password” as the authentication method and Click “Next”.
The site was created successfully! **Click “Finish”** to close the Site Wizard.

Upon closing the Site Wizard, you will be prompted for a connection. **Select “Yes”**.
Establishing a Connection

The Site field should be pre-populated with “remote.umb.edu” as configured in the previous steps. In the Username field, Enter your UMB email minus the @umb.edu (i.e. first.last). In the Password field, Enter your current UMB e-mail password, then Click “Connect”.

You are now connected to the UMB VPN and can minimize the connection window while maintaining your connection by Clicking the red dot.

Notice: During a successful connection, the changes to .

END OF PART TWO. SEE BELOW FOR DISCONNECTING.

PART THREE: DISCONNECTING

In the Upper Right corner of your screen, Click and Select “Disconnect” to terminate your session.

END OF PART THREE.

Thank you for using these instructions. If you experience issues during the installation process, please contact the IT Service Desk at (617) 287-5220 or email ITServiceDesk@umb.edu.
