How to View Your Class Schedule

On the Student Center page click on the My Schedule icon.

Select the term you wish to view.

The classes for which you are registered will be listed on the List View tab.

At the top of the page you will see links to email your schedule to your campus email account. The iCalendar help link will explain how you can import the schedule into your calendar.

Please be aware that the schedule you send to your email will not be automatically updated if your schedule changes. If a class for which you have registered is moved to a new location or canceled, you will need to update your calendar manually. Be sure to check the schedule in WISER at the beginning of the semester so that you do not miss a class.

Click on the Bookstore link. The required books for the course, if they have been specified by the instructor, will appear in a new window.

Click on the Deadlines icon to view significant deadlines in the academic calendar.

Click Return to View My Schedule in the upper right corner.

On the List View tab, if you see a URL icon on the far right, click on it to log into Blackboard Learn.
Click **Weekly Calendar View** to view your class schedule on a weekly basis.
