Viewing Blocked Content in BuyWays Punch-out Sites

When you access the punch-out sites of catalog vendors in BuyWays, you may see a message indicating that your web browser is blocking the content.

Please follow the instructions below for the web browser you are using.

**INTERNET EXPLORER**

A pop-up box will generally appear at the bottom of the screen. Click on “Show all content.”

If the box disappears before you have a chance to click on it:
- Click on the “Cancel Punch-out” link at the top right corner of the window to exit from the web site and return to BuyWays.
- Click on the catalog button and try again.

**FIREFOX**

![Image of a Firefox browser window with a URL in the address bar and a message indicating blocked content]
The screen shown below will appear. Look for the shield icon in the URL and click on it.

The screen below will appear when you click on the shield in the URL. Click on Options, then click on Disable protection for now.
Click on the shield icon in the upper right corner of the URL to load script.

Then click **Load unsafe script**.

The web site should then begin to appear.
