Sync iClicker polling data with Blackboard Learn Grade Center (Optional)

Follow the instructions below to sync iClicker polling data with Blackboard Learn. This optional step adds additional columns in the Blackboard Learn Grade Center and populates them with points earned from iClicker polling sessions.

1. Start iClicker by locating and opening the iClicker folder and double clicking the iClicker icon.

2. Click Open Gradebook at the iClicker home screen.

3. Click Sync Scores.
4. Select the session(s) upload. To select all sessions click **Select All.** Click **Next.**
