MISCELLANEOUS

Full-Time Equivalent (FTE) is calculated by dividing the total credit hours generated by all undergraduates by 15 and total credit hours generated by all graduates by 9.

Headcount Enrollment is the count of students regardless of whether they are full or part time.

Unless otherwise stated, all student statistics are based on fall 2009 cohorts, and include both state supported and continuing education students.

ABOUT US

UMass Boston

The only public university in metropolitan Boston, located on Boston harbor, the Boston campus offers 67 undergraduate degree programs, 40 master's degree programs, 12 doctoral programs with 14 tracks, and 24 undergraduate certificate programs through its seven colleges and Division of Corporate, Continuing, and Distance Education (CCDE). UMass Boston serves the most diverse student population in New England. As a key institution in Boston that sponsors over 30 research centers and institutes, UMass Boston contributes substantially to public policy discussion and formulation in such areas as economic development, social well-being, environmental affairs, and health care. UMass Boston is integral to the city and its neighborhoods as it reaches out through partnerships with the Boston Public Schools, local businesses, community programs, and youth sports.

OIRP

The Office of Institutional Research and Policy Studies is responsible for reporting student, course, faculty, staff, and academic program data to state and federal agencies, and to UMass Boston faculty, students, and administrators. We also conduct surveys and complete special analyses and reports.

Fast Facts

Fast Facts is a summary of the most commonly requested statistics. The report contains summary data on the undergraduate entering class, enrollments by gender and race, tuition and fees, five year enrollment trends, degrees awarded for the most recent academic year, graduate enrollment, and number of faculty. It is a quick reference for describing the institution.
