Approved by the Board of Trustees
August 1, 2001

1. Name

The name of the organization shall be the Faculty Council of the University of Massachusetts Boston.

2. Purpose

The Faculty Council shall have the following purposes.

A. To ensure the representation of members of the faculty in the governance of the Campus and of the University as a whole.

B. To ensure the effective coordination of actions taken by the governance units of the individual colleges as they affect the Campus and the University as a whole.

C. To ensure the maintenance of academic and procedural standards.

D. To discuss and recommend policies and procedures affecting the Campus as a whole.

3. Authority

A. The Faculty Council derives its authority from the actions of the Board of Trustees, as provided in Section 3, Chapter 75 of the General Laws of the Commonwealth.

B. The Faculty Council, in its responsibilities and relationships with other governing components of the Campus and of the University as a whole, shall be governed by the Board of Trustees’ Statement on University Governance (Trustee Document T73-098, as amended), which grants to the faculty ‘primary responsibility’ in academic matters and faculty status, as defined in that document, and by relevant provisions of any collective bargaining agreement currently in force.

C. This Constitution supersedes any earlier system of Campus-wide faculty governance at the University of Massachusetts Boston.

D. In case of conflict between this Constitution and the constitution of any college or other Campus governance body, this Constitution shall take precedence.
4. Powers of the Council

The Faculty Council shall have only those powers specified in this Constitution or in Statements of the Board of Trustees on University Governance or which are necessary for carrying those powers into execution. The colleges shall have jurisdiction over their own undergraduate programs. The Faculty Council shall have jurisdiction over matters of educational policy which have Campus-wide effect or which bring colleges into conflict.

The Faculty Council shall have the following powers.

A. To recommend the list of candidates for degrees.

B. To review actions of the governance bodies of colleges and to:

   1. Determine whether an action involves a University-wide issue or conflict among colleges AND

   2. If such an issue is found which arises out of a faculty-initiated measure in an area of faculty primary responsibility, a positive recommendation from the Faculty Council is required before that action of the college may be forwarded to the Chancellor for approval and implementation as a faculty-initiated measure.

C. To review and make recommendations on all matters relating to admissions, instructional goals, and the Library.

D. To review and make recommendations on all policies relating to budget and facilities.

E. To review and make recommendations regarding the planning and development of the Campus, especially in the creation of new units and colleges and in substantial changes to existing units.

H. To consult with and make recommendations to the Chancellor and other appropriate governance and administrative bodies concerning the charge and composition of a search committee for Provost, Vice Chancellors, academic Deans, Directors of Institutes, and the Director of the University Library.

I. To consult with and make recommendations to the President regarding the periodic evaluation of the Chancellor, as established by Trustee guidelines.

B. The term of membership on the Faculty Council shall be three years.

Members shall be elected on the principle of one person one vote, as specified in the next sentence, but no college shall have more than fourteen representatives. Thus any college including a majority of the faculty would have fourteen representatives, but the appointment of seats from each college would, as closely as possible, reflect the proportion of faculty in that college; should no college have a majority of faculty, all representation would be apportioned in relation to the proportion of faculty in each college. Each college must have at least, one representative on the Faculty Council. For purposes of apportioning representation, the Faculty Representative to the Board of Trustees shall be considered as representing the campus as a whole.

D. Apportionment of the Faculty-Council seats for the next year shall be established by the Faculty Council, on recommendation of the Executive Committee, no later than its February meeting, based on the current faculty distribution.

E. Ex-officio members of the Faculty Council shall be the Faculty Representative to the Board of Trustees, who shall be a voting member and shall be elected according to the procedures described in VI. below; and the Chancellor, the Provost, the President of the Faculty Staff Union, the Alternate Representative to the Board of Trustees, a representative chosen by the Student Senate, a representative chosen by the Graduate Student Assembly, and a representative chosen by the Professional Staff Association, all of whom shall be non-voting.

6. Elections

A. The Executive Committee of the Faculty Council shall inform the colleges no later than February 10 of each year of seats to be filled, and shall require that the colleges conduct elections to fill the seats.
B. Every two years, at this time the Executive Committee shall conduct an election for Faculty Representative to the Board of Trustees from among candidates nominated by the faculty at large and by the Executive Committee.

C. Nominations for Council positions, and the Faculty Representative to the Board shall be accepted for a period of at least two weeks (excluding school vacation periods) and elections for the same positions shall encompass a period of at least two weeks. The results of the elections for the same positions shall encompass a period of at least two weeks. The results of the elections shall be reported no later than April 20 of each year.

D. All full-time faculty members and all part-time faculty members who are at least half-time or who, during the course of their current employment as part-time faculty, have taught five courses over three consecutive semesters may vote in elections of members to the Faculty Council and of the Faculty Representative to the Board of Trustees.

E. A councilor who resigns his or her faculty position or is appointed to an administrative position above the level of department chair (or the equivalent) must relinquish Faculty Council membership from the effective date of such action. A councilor on leave may retain her/his Council membership. If unable to attend regularly during the leave period, an alternate will be designated by the governance structure of the member's college pending his/her return.

F. The Faculty Council shall appoint an Alternate Faculty Representative to the Board of Trustees who shall assist the Faculty Representative in attending the meetings of Board Committees, and shall, in the absence of the elected Faculty Representative represent the faculty before the Board and report to the Faculty Council.

H. The Associate Chair, Secretary of the Council shall be responsible for keeping and circulating the Minutes of each meeting, which must include all motions, amendments, and rulings of the Chair.
