| January 25 | Brian Helmuth, PhD  
Professor, Department of Marine and Environmental Sciences and School of Public Policy and Urban Affairs  
Marine Science Center  
Northeastern University, Boston  
"Knowns, unknowns and unknown unknowns: Confronting the human bias in coastal climate change adaptation" |
| February 1 | Sheila Walsh Reddy, the Nature Conservancy  
"Advancing conservation by understanding connections between human behavior and nature" |
| February 8 | Peter Boucher  
Matthias Treger  
"Documenting Mortality and Survival due to the Hemlock Woolly Adelgid, Adelges tsugae, in Central Massachusetts"  
"A Tale of Two Cities – Climate Change Preparedness in Cambridge’s Alewife District from a Residents’ Perspective" |
| February 15 | Dr Robert Brock  
"Coastal and Marine Spatial Planning in Vietnam" |
| February 22 | Catherine Larson, career development  
the job interview |
| March 1 | Dr Joaquium Goes, Research Professor  
Lamont Doherty Earth Observatory  
Columbia University  
topic TBD |
| March 8 | Dean Hannigan,  
Professor Ellen Douglas and  
Professor Juanita Urban-Rich  
career development: Women in Science |
| March 15 | SPRING BREAK |
| March 22 | Laura Zoffoli, SFE postdoc  
Jianwei Wei, SFE postdoc  
topic TBD |
| March 29 | Charles Muirhead  
Christine San Antonio  
student presentations |
| April 5 | Colloquium Prep |
| April 12 | Professor Molly Lutcavage  
topic TBD |
| April 19 | Colloquium  
Prof. Richard Howarth,  
Dartmouth College co-hosted with the Economics Department  
topic TBD |
| May 3 | Diane Thompson,  
Assistant Professor  
Earth & Environment  
Boston University  
"Tropical climate change and coral reef ecosystems: learning from the past and predicting the future" |
| May 10 | Lucy Lockwood  
Guoqing Wang  
Gawne Peter  
student presentations |
