General Transfer Credit Policies

- Courses must be a C- or higher and be considered college-level.
- A maximum of 90 credits can be transferred from a four-year school and 70 credits from a community college.
- Course content is comparable in scope to coursework offered at UMass Boston.
- Courses taken Pass/Fail are only eligible to transfer if the transcript key equates these courses to a C- (due to COVID-19, all P grades from Spring and Fall 2020 are eligible to transfer).
- Courses must be a minimum of 3 semester credit hours to fulfill a program requirement.

How to Use this Sheet

- This sheet includes the general requirements for the College of Science and Math.
- For set course requirements (i.e. English 101), the Quincy Course requirement is listed
 on the sheet. For distribution requirements, students can select from a list of available
 courses. Simply select "Arts" on the planning sheet and you will be brought to a section
 with all the available art courses.
- Students are also encouraged to use our Transfer Course Database, <u>Transferology</u>, to match UMass Boston courses with your current institution. Fill out the "Quincy College Code" section with courses you have already taken or plan to take before enrolling at UMass Boston.
- Make sure to review the "Waivers" section at the bottom of the sheet to see if you are eligible to waive any requirements.
