How To Apply For Housing

Please note: To complete the Housing License Agreement, all applicants must list one Guarantor to sign the Housing License Agreement alongside you. Please note that you cannot list yourself as a Guarantor, and that only one Guarantor can complete the Agreement.

Once you and your Guarantor have fully completed all sections of the Housing License Agreement, the housing office will receive the document and review it within the next business day.

If all steps have been completed correctly, you will receive a **“Housing Confirmation Email”** from our office. This email signifies that you have fully completed the housing application process and are reserved for a space in on-campus housing! Please note that **you are not confirmed for a space** until you receive this confirmation email, and that this does not guarantee a specific room or room type

The Resident Portal section of the application will open later in March. Confirmed residents will be able to access the optional Roommate Selection section in June, and will receive their specific Housing Assignments in July. Applicants will be notified when these later sections of the application open.
