FACILITIES CONSTRUCTION NOTICE

What **Upcoming Campus Center Roof Replacement Work Above 4th Floor Offices**

When **10/27/26 – 11/30/26**

Overview/Description

As part of the ongoing **Campus Center Roof Replacement Project**, roofing work will take place above occupied 4th Floor office areas from **10/27/26 through 11/30/26**.

The next phase of the project will begin above the **Bursar and Financial Aid** area and will involve installing support bars, drilling, and fastening materials to the roof structure. As a result, occupants should expect significant noise during these activities.

We understand this work may cause inconvenience and appreciate your patience and cooperation as these important building improvements are completed. We will continue to provide updates as schedules are finalized and additional information becomes available.

What to Expect

- Occupants may experience periodic construction-related noise throughout the day as roof replacement activities progress.
- The loudest work, including drilling and fastening operations, is currently anticipated to occur **between 6:00 a.m. and 9:00 a.m.**
- General construction noise may continue throughout the remainder of the workday.
- Roof removal activities on the **Admissions and Registrar** side of the 4th Floor are also expected to begin soon and may result in additional noise and temporary disruptions.
