This report presents only the frequently asked data summary. To access all extensive data tables, please visit umb.edu/oirap/facts.

UMass Boston, with 15,586 enrolled undergraduate and graduate students in fall 2022, is nationally recognized as a model of excellence for urban public universities. The university's 9 colleges and schools offer 68 undergraduate programs and 140 graduate programs (including master's and doctorate programs). The Honors College serves 516 students who thrive on intellectual challenge. Enriched courses probe more deeply into theory or venture further into application.

UMass Boston's diverse student body provides a global context for student learning. Its location in a major U.S. city provides connections to employers in industries such as finance, health care, technology, service, and education. Students are offered many opportunities to gain valuable in-school experience via internships, clinical, and other career-related placements. For more information, please visit umb.edu/the_university.

Office of Institutional Research, Assessment, and Planning

OIRAP is responsible for reporting student, admissions, course, faculty, staff, and academic program data to state and federal agencies, and to UMass Boston faculty, students, and administrators. We also conduct surveys and complete special analyses and reports.

James Hughes, PhD
Associate Provost for Institutional Research, Assessment, and Planning
